

How to Use iBUS Wi-Fi

PLEASE READ THE INSTRUCTIONS
fully before filling the online CAF form.

1. Scan the QR code and fill the online form with all the details for Wi-Fi registration.
2. Wait for one day for your activated account. The username and password will be sent to your registered mobile number. Please provide active numbers only on the CAF.
3. **Wi-Fi Package:** 15Mbps Speed with Unlimited upload/download data per month
4. **Device Limit:** Maximum-3, Simultaneous-2
5. Keeping the Wi-Fi “ON” in more than two devices will result in Wi-Fi disconnection issue.
6. The plan will be auto-renewed on the first day of every month.
7. You can reset your devices from our website/mobile APP.

1

Turn "ON"
Wi-Fi
on your
device and
connect to
the
strongest
iBUS signal.

2

The login page
will appear
automatically.
Enter your login
credentials.

3

After the first
successful login,
your device will
be registered
on our server,
allowing you
to access the
internet without
repeated logins in
the future.

4

You can register
up to Three
devices with one
Wi-Fi account.
If needed, you
can remove
a registered
device through
our helpdesk or
customer care.

Do's & Don'ts:

Turn OFF Random Hardware
address in Wi-Fi settings on
Windows 10/Apple Tab/Laptops,
and turn OFF Private address/
Random MAC address in mobile
Wi-Fi settings

(in the latest Android & iOS
versions) to avoid MAC validation
errors.

Do not share your
Wi-Fi password with
anyone, as sharing or
using others' Wi-Fi
IDs is illegal.

Keep your
laptops updated
with the latest
Network Drivers
and Antivirus
products.
